

Introducing

The Scholar's Academy is designed for college bound students who have achieved high academic standards and are currently enrolled in either Algebra 1 or Geometry Honors, Advanced Language Arts, Advanced United States History and either Honors Physical Science or Honors Biology.

It will provide students with the opportunity to enroll in Advanced Placement courses, participate in internship programs and, most importantly, partner with Miami Dade College and Florida International University through dual enrollment programs.

Dual Enrollment

In partnership with both Florida International University and Miami Dade College, students at Southwest Miami High are able to dual enroll in university courses.

These courses allow students to experience a university campus and learning environment, allowing them to receive credit in both locations.

Advanced Academics

The advanced academics program at Southwest Miami High School is a diverse collection of Honors, Advanced Placement, and Dual Enrollment courses that allow students to tailor their education to best fit their needs.

Honors Courses

Southwest Miami High School offers a full catalog of honors coursework. These fast-paced courses encourage our students to work at their highest potential and allow them to better direct themselves in their preferred areas of study. In conjunction with Advanced Placement and Dual Enrollment courses, our staff is able to tailor course work to our students, allowing them to set a course towards their future goals.

Advanced Placement Courses

The Advanced Placement program is a challenging program that exposes high school students to entry-level university coursework. These courses are offered in a variety of disciplines and allow students to experience the rigor and depth that they will see in college.

Beyond experiencing the college setting, students have the opportunity to college credit through an exam offered in May. The College Board awards those students who excel at their AP exams through a series of AP Scholar awards.

At present, Southwest Miami High School offers the following courses:

English Language and Composition,
English Literature and Composition
Calculus AB, Calculus BC
Statistics
Biology
Chemistry, Physics
Environmental Science
World History
European History
United States History
US Government and Politics
Macroeconomics
Psychology
Human Geography
Spanish Language, Spanish Literature
Art History
Art Portfolio: 2D, Art Portfolio: 3d
